SKILLS

- Java Core
- Spring
- PostgreSQL
- Maven
- Java FX (+ JDBC, Collections)
- Bash
- Git
- HTML & CSS
- LaTeX

PROFILE

Java Developer with development experience of about 1 year. I was engaged in creating a client-server application using TCP protocol and database on PostgreSQL, located on a server with OS Bash. The task was to use TCP protocol and JDBC to write a server to work with a catalog (collection) of apartments and a client on Java FX to this server.

EDUCATION

Faculty of Informatics and Computer Engineering, ITMO University, Saint Petersburg

SEPTEMBER 2022 – PRESENT

Completed my freshman year. In core subjects: Programming – 5A, Databases – 5A, Computer Architecture – 4B.

PROJECTS

Expanding the Information Space of a Museum's Exposition Using Digital Technologies (as an Example of Developing a Mobile Application for the Historical and Memorial Museum "Smolny") – C#, Unity

DECEMBER 2022 – PRESENT

- <https://github.com/ColdDirol/Unity-Smolny-App>
- XII Congress of Young Scientists (YSC) of ITMO University, St. Petersburg, Russian Federation, April 3-6, 2023 – participation

Java TCP server for working with apartment collection and a client with GUI – Java, JDBC, PostgreSQL, Java FX

FEBRUARY 2023 – FROZEN

- Server + client (without GUI) – [please click](#)
- Client (with GUI) – [please click](#)

COURSES

Spring for beginners, Stepik.org

JULY 2023 – PRESENT

Algorithms: theory and practice. Methods, Stepik.org

JULY 2023 – PRESENT

Algorithms: theory and practice. Data Structures, Stepik.org

JULY 2023 – PRESENT
